Tom Sullivan, Senior Vice President, Small Business Policy, U.S. Chamber

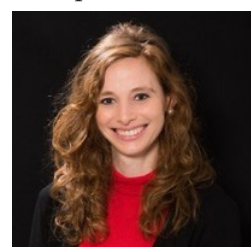

Thomas M. Sullivan is vice president of small business policy at the U.S. Chamber of Commerce. Working with chambers of commerce and the U.S. Chamber's nationwide network, Sullivan harnesses the views of small businesses and translates that grassroots power into federal policies that bolster free enterprise and reward entrepreneurship. He runs the U.S. Chamber's Small Business Council, engaging those members on a regular basis to increase small business input and involvement in Chamber activities.

Previously, Sullivan was an attorney in the government relations practice of Nelson Mullins Riley & Scarborough, LLP, a law firm with a major East Coast presence from Tallahassee to Boston. Before rejoining Nelson Mullins, he served as general counsel for the Bipartisan Policy Center, a nonprofit organization founded in 2007 by former Senate Majority Leaders Howard Baker, Tom Daschle, Bob Dole, and George Mitchell.

Sullivan represented several firm clients before Congress and federal agencies and built a small business advocacy platform that included the Coalition for Responsible Business Finance, a group of non-bank small business providers, and the Small Business Coalition for Regulatory Relief.

Sullivan served under President George W. Bush as the highest-ranking government official charged with exclusively advocating the views and needs of small business before government agencies and Congress. As chief counsel for advocacy at the U.S. Small Business Administration, he was directly involved in more than 100 regulatory and legislative matters, testified frequently before congressional committees, and was a spokesman on economic conditions and entrepreneurship. The hallmark of his tenure at SBA was a national legislative initiative guaranteeing that small business has a voice in state regulatory decisions.

Upon leaving government, Sullivan was named to the National Federation of Independent Business Small Business Legal Center Advisory Board, and he serves on the board of directors of the Global Entrepreneurship Network, a platform of programs and initiatives aimed at creating an entrepreneurial ecosystem.

Boston Medical Center Health System Unveils New Names for Good Samaritan and St. Elizabeth's Medical Centers

The shared brand identity will help patients easily recognize and access trusted, clinically excellent care across BMC Health System hospitals.

Boston Medical Center Health System is proud to announce the renaming of two of its hospitals, as the system advances its vision of high-quality, accessible, and sustainable healthcare in the region.

Good Samaritan Medical Center in Brockton is now Boston Medical Center

– South (BMC South) and St. Elizabeth's Medical Center in Brighton is now Boston Medical Center – Brighton (BMC Brighton). St. Elizabeth's and Good Samaritan's associated offsite physician practices will transition to BMC Health.

"We are creating a shared identity across all of our hospitals that stands for clinical excellence, trust, accessibility, and compassionate patient care."

Consistent branding across BMC Health

System hospitals ensures patients know they will receive high-quality, equity-led care. BMC Health System gathered input from patients, employees, and community members to help shape the new names.

"We're honored to work alongside our system hospitals who are also devoted to mission-driven care. Bringing our hospitals under one brand sends a strong signal about that shared commitment," said Paul C. Smith, President of BMC Brighton. "We look forward to building on our more than 100-year legacy in Brighton as the foundation of an even brighter future."

"Today is a proud day for our hospital as we take this next integration step into BMC Health System," said Matthew Hesketh, President of BMC South. "We are incredibly proud of our long history in Brockton and look forward to expanding patient care access to more than 20 other communities along the Route 24 corridor."

Over the next weeks and months, the new names and logos will be incorporated into digital and physical touch points across BMC Brighton, BMC South, and associated BMC Health practice locations.

In August, the Metro South Chamber of Commerce hosted a memorable Business After Hours event at Campanelli Stadium in Brockton. Attendees enjoyed an evening that began with networking, snacks, and beverages before the baseball game commenced. The highlight? Football legend Doug Flutie—a Heisman Trophy winner and former NFL star—took the mound to throw the ceremonial first pitch, signed autographs, and even officially joined the Brockton Rox as a guest player by pitching to a live batter during the game!

The event wasn't just about sports and business—it was also about community and giving back. Organized in partnership with Eastern Bank, the night featured a football-themed community challenge designed to raise funds for the House of Possibilities, a local nonprofit that supports individuals with disabilities. The playful yet purposeful competition, which involved a throw by Eastern Bank's Quincy Miller, helped drive awareness and support for the cause. Meanwhile, Brockton's Mayor Robert F. BAT Fare Free Service Extended Through June 2026!

FARE FREE SERVICE EXTENDED
THROUGH
JUNE OF 2026!

Brockton Mayor Robert F. Sullivan and BAT Administrator Michael J. Lambert announced that fare-free service will continue through June 2026, funded by new revenues from the Fair Share Amendment (Millionaire's Tax) and supported by Governor Healey and the Massachusetts Legislature.

"The free fare program has been a game changer for our residents, visitors, and local businesses," said

Mayor Sullivan. "Reliable access to transportation is essential for work, shopping, and enjoying our region. I'm grateful for the continued support recognizing the importance of convenient and affordable transit."

Since December 2023, BAT has offered free fixed-route, ADA paratransit, and senior services, with increased frequency and strong on-time performance. Ridership has more than doubled, reaching a 25-year high.

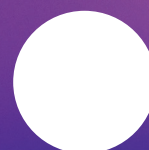

"Sincere thanks to Mayor Sullivan, the BAT Board, the Governor, and the Legislature for expanding transit options," said Lambert.

This year, all 15 of Massachusetts' Regional Transit Authorities offer free service, supported by MassDOT grants. "Brockton's fare-free extension helps more people take safe, reliable trips and encourages a shift from cars to public transit," said Transportation Secretary Monica Tibbitts-Nutt.

BAT provided over 3.7 million trips in FY25 and has served as the South Shore and Greater Brockton transit hub since 1974. For routes and updates, visit www.ridebat.com.

For continuity, board terms are staggered over three years. The Chamber's Nominating Committee proposes the following slate of candidates to fill terms expiring this year on the Board of Directors.

Nominated to serve in the Class of 2028 are Robert Haffey, Signature Healthcare; Jay Pike, CPA, Citrin Cooperman; Richard Spencer, North Easton Savings Bank; and Doug Smith, Stonehill College.

Nominated to serve a two-year term in the Class of 2027 are Bill Mitchell, Massasoit Community College; Kelly Mallory, Mallory Headsets; and Jeni Mather, JM Pet Resort.

Nominated to serve a one-year term in the Class of 2026 are Matthew Osborne, Eastern Bank (extended with merger); Scott Sanborn, Consultant; Maria Celli, Brockton Neighborhood Health Center; and Sue Joss, Consultant.

In accordance with the Chamber bylaws, additional names of Chamber members can be nominated by petition bearing the signatures of at least 30 member firms in good standing. Such petitions must be filed by September 12, 2025. If a legal petition is presented with additional candidates, the names of all candidates will be mailed to all active members. If no petition is filed, the nominations shall be closed and the nominated slate will be elected by the Board at their October meeting.

New Board members will take office at the Chamber's Annual Meeting on November 19, 2025. All Board of Directors' meetings are open to any Chamber member who wishes to attend.

Signature Healthcare Announces Organizational Changes to Strengthen Long-Term Sustainability

Signature Healthcare today announced a series of organizational changes designed to address ongoing financial challenges and position the

organization for long-term stability and growth. These changes include a reduction in workforce and restructuring across both Signature Healthcare Brockton Hospital (SHBH) and Signature Medical Group (SMG).

As part of a broader strategy to ensure financial sustainability, the organization is also pausing or discontinuing several planned projects and holding open select roles following recent resignations to manage staffing levels responsibly.

Like many healthcare providers across the country, Signature Healthcare continues to face mounting financial pressures. Nearly 80% of the organization's revenue is tied to government payers such as Medicare and Medicaid, which have not kept pace with the rising cost of care delivery. Compounding this challenge are the high expenses related to the hospital's reopening and ongoing delays in insurance reimbursements stemming from last year's hospital closure.

"These were extremely difficult decisions that were not made lightly," said Robert Haffey, President and CEO of Signature Healthcare. "We are deeply grateful for the hard work and commitment of every member of our team. These changes are necessary to ensure that we can continue delivering safe, high-quality, and compassionate care to the communities we serve."

The organization remains steadfast in its mission to provide personalized, patient-centered care and is committed to supporting affected employees during this transition.

Governor Healey Launches DRIVE Initiative to Create Thousands of Jobs, Grow Research, Innovation Economy

Governor Maura Healey has launched the DRIVE (Discovery, Research, and Innovation for a Vibrant Economy) Initiative, a \$400 million state-funded program aimed at bolstering Massachusetts' research and innovation sectors. This initiative seeks to create thousands of jobs, retain top talent, and support industries critical to the state's economy, especially in light of anticipated federal funding cuts. The DRIVE Initiative underscores Massachusetts' position as a global leader in research and development, with the state receiving \$8.57 billion in annual federal R&D funding, supporting over 81,000 jobs and generating more than \$16 billion in economic activity.

Governor Healey emphasized that the DRIVE Initiative is a strategic investment in the state's future, aiming to preserve and expand the robust research ecosystem that has been instrumental in producing lifesaving cures and driving economic growth. The program is designed to foster collaboration among public institutions, private industry, and academic research centers, ensuring that Massachusetts remains at the forefront of innovation and continues to attract and retain the best minds in science and technology.

Father Bill's & MainSpring Receives Historic \$5 Million Gift to Launch Campaign for New Housing Developments

Father Bill's & MainSpring (FBMS), a regional leader in ending homelessness, has received the largest single gift in its history—a \$5 million donation from the Alvarium Foundation—to launch its upcoming comprehensive campaign. The transformational gift will fund the development of urgently needed housing across Southern Massachusetts while sustaining supportive services like maintenance, property operations, and case management. The Alvarium

Foundation previously played a critical role in FBMS's A Path Home campaign, which established the Housing Resource Center model and led to the opening of centers in Quincy and Brockton with on-site supportive housing. As part of its goal to create 150 new units, FBMS is advancing multiple projects: a 24-unit hotel-to-housing conversion in Stoughton, 29 new units adjacent to Roadway Apartments in Brockton, and 24 new units in Quincy in collaboration with NeighborWorks Housing Solutions. With this campaign, FBMS aims to raise at least \$10 million to expand permanent housing solutions across the region. "This incredibly generous gift allows us to think big and move fast," said John Yazwinski, President & CEO of FBMS. "Their investment strengthens our ability to scale what we know works—housing with built-in support services—and bring safe, dignified housing to even more of our neighbors experiencing homelessness." Fuller Craft Museum Presents "Nancy Callan and Katherine Gray: The Clown in Me Loves You"

Floral Glory, 2019, blown and sculpted glass.

Exhibition dates: September 20, 2025 - March 1, 2026

A sculpted fusion of kitsch and catharsis, this exhibition marks a dynamic, four-year collaboration in glass between West Coast artists Nancy Callan (Seattle) and Katherine Gray (Los Angeles). In this remarkable body of work, Callan and Gray explore our collective experiences with—and reactions to—clowns. Whether found in childhood memories, in circuses and parades, among those we love, or in our political worlds, clowns are ubiquitous. The artists use traditional Venetian glassblowing techniques to spark viewers associations and emotions, while mining complex social commentaries. It may seem like light-hearted fun, but multiple layers of feelings and realities emerge—is it a tunnel of love, a house of horrors, or a combination of both?

An Exhibition Celebration will be held on September 20 at Fuller Craft. FCM is open Tuesday-Sunday 10AM-5PM at 455 Oak Street in Brockton, admission is free for all! Visit fullercraft.org
